Curriculum Vitae

Research Interests

The regulation of social relationships in primates and other animals in particular conflict resolution; reciprocity and interchange; animal emotion and self-directed behaviours.

Education

- 2004 Ph.D. in Biology, Complutense University of Madrid, Spain.
1999 M.Sc. in Biology, Complutense University of Madrid, Spain.
1996 B.Sc. in Biology with Zoology emphasis, Complutense University of Madrid, Spain.

Grants awarded

- 2007- Living Links Postdoctoral Research Fellowship. Emory University (USA)
2002, 2003 Visiting research. John Moores University, Liverpool, UK
2000-2003 Research Scholarship (FPU). Complutense University of Madrid (Spain)

Publications

Articles and book chapters:

- Romero, T. & Aureli, F. (2007). Spatial association and social behaviour in zoo-living female ring-tailed coatis (*Nasua nasua*). *Behaviour* 144: 179-193.
- Romero, T. & Colmenares, F. (2005) Behavioural indicators of anxiety in *Papio hamadryas hamadryas*. *Folia Primatologica* 76 (1): 62-63.
- Romero, T., Colmenares, F. & Aureli, F. (2004) The Function of Post-Conflict Third-Party Affiliation of Aggressors in Baboons (*Papio hamadryas hamadryas*). *Folia Primatologica* 75 (1): 407-408.
- Romero, T., Colmenares, F. & Aureli, F. (2003) Third-party affiliation and stress-related behaviours of aggressors in baboons (*Papio hamadryas hamadryas*). *Primate Report* 66 (1):35-36.

Romero, T. & Colmenares, F. (2003). Conflict Management Strategies of Aggressors in a Colony of Baboons (*Papio hamadryas*): Postconflict Affiliation and Aggression and Time-sharing. *Folia Primatologica* 74 (4): 217-218.

Virgos, E. Romero, T. & Mangas, J.G. (2001). Factors determining “gaps” in the distribution of a small carnivore, the common genet (*Genetta genetta*), in the central Spain. *Canadian Journal of Zoology* 79: 1544-1551.

Articles in prep.

Romero, T. & Aureli, F. (*in prep.*) Social Reciprocity in Coatis.

Romero, T., Colmenares, F. & Aureli, F. (*in prep.*) Post-conflict affiliation in hamadryas baboons (*Papio hamadryas hamadryas*) I: Reconciliation and Triadic Affiliation in a Multilevel Social System

Romero, T., Colmenares, F. & Aureli, F. (*in prep.*) Post-conflict affiliation in hamadryas baboons (*Papio hamadryas hamadryas*) II: Testing Functions of Reconciliation and Triadic Affiliation

Romero, T. & Colmenares, F. (*in prep.*) Behavioural correlates of social anxiety in hamadryas baboons (*Papio hamadryas hamadryas*)

Conference proceedings & posters

Romero, T., Colmenares, F. & Aureli, F. (2004). The function of post-conflict third-party affiliation of aggressors in baboons (*Papio hamadryas hamadryas*). 20th Congress of the International Primatological Society. Torino (Italy).

Romero, T., Colmenares, F. & Aureli, F. (2003). Third-party affiliation and stress-related behaviours of aggressors in baboons (*Papio hamadryas hamadryas*). Göttinger Freilandtage: “Cooperation in Primates and Humans”. Göttingen (Germany).

Romero, T. & Colmenares, F. (2003). Conflict Management Strategies of Aggressors in a Colony of Baboons (*Papio hamadryas*): Postconflict Affiliation and Aggression and Time-sharing. 8th International Conference of the Gesellschaft für Primatologie. Leipzig (Germany).

Romero, T. & Colmenares, F. (2003). Behavioural indicators of anxiety in *Papio hamadryas hamadryas*. V Congress Spanish Association of Primatology. Valencia (Spain).

Romero, T. & Colmenares, F. (2002). Patterns of social relationships between juveniles baboons. IX National & VI Latin-American Congress of Ethology. Madrid (Spain)

Romero, T. & Colmenares, F. (1999). Social relationships in baboons: juvenile vs. adult model. III Congress Spanish Association of Primatology. Barcelona (Spain)

Romero, T. (1999). Diversity, relative abundance & group size of primate populations in Puerto Suarez, Bolivia .III Congress Spanish Association of Primatology. Barcelona (Spain).

Romero, T. & Colmenares, F. (1999). Social dominance, reciprocity and interchange between juvenile baboons. VII National & IV Latin-American Congress of Ethology. Pontevedra (Spain)

Fieldwork and research

2007- Living Links. Yerkes National Primate Research Center. Emory University. USA
1998-2004 Department of Psychobiology, Faculty of Psychology, Complutense University of Madrid. Spain
2002, 2003 School of Biological and Earth Sciences, John Moores University, Liverpool, UK
2002 Department of Zoology, University of Cambridge, Cambridge, UK
1997 Tropical Research Centre: Estacion Biologica de Perto Suarez, Santa Cruz de la Sierra, Bolivia

Teaching

2004 Associate Professor, Research Methods in Psychology. Dept. of Psychology. Camilo Jose Cela University, Madrid (Spain)
2004 Associate Professor, Statistic analysis in Psychology, Dept. of Psychology. Camilo Jose Cela University, Madrid (Spain)
2003 Guest lectures on observational methodology in social sciences at C. U. Cardenal Cisneros, Madrid (Spain)
2003 Guest lectures on observational methodology in social sciences at Faculty of Psychology, Complutense University of Madrid (Spain)
2003 Guest lectures on methods in systematic observation at Dept. of Psychology. Camilo Jose Cela University, Madrid (Spain)
