

Student Health Insurance Requirement Appeals Committee
Request for Reconsideration of Denied Waiver
Academic Year 2008-09 (page 1)

Effective Fall Semester 2006, Emory University requires that all degree-seeking and international students either have health insurance or purchase the University-sponsored plan. In order to waive enrollment in the University-sponsored plan for 2008-09, a student must show evidence of enrollment in a United States domiciled health insurance plan that meets waiver criteria. However, some Emory students may have failed the waiver process (or failed to complete the process by the deadline date) and yet may feel that they should be exempted from this requirement. Therefore, the University has created a Student Health Insurance Requirement Appeals Committee, consisting of students, faculty and staff, to review and vote upon requests for reconsideration of denied waivers.

The committee will make every effort to decide upon appeals prior to the start of insurance coverage for 2008-09. However, should a student be charged for the Emory plan and the committee subsequently decides to grant the waiver after consideration of the appeal, the charge will be reversed by Student Financial Services. **The deadline for appeals is September 15, 2008, since this is the date that Emory will have to pay the insurance company the premium for your enrollment in the plan.**
