Dear Members of the Emeritus College and Friends,

Below I have listed a few of our upcoming events, and a list of some other upcoming events that might interest you.

Emeritus College Announcements:

Lunch Discussion July 20th! Join us at 11:30 a.m. in the MARIAL Conference Room here in Building A of Briarcliff Campus (room 415E) for a discussion led by retired VP of Coca-Cola and popular Lifelong Learning lecturer Jack Carew entitled "Government Paid Healthcare is Coming to the US." Why couldn't Hillary Clinton get government paid health care passed in the early 1990s, and does Obama have a better chance? What will he do differently? How will it be paid for? (Flier attached).

Breakfast Discussion August 3rd! Join us at 9:00 a.m. in the MARIAL Conference Room here in Building A of Briarcliff Campus (room 415E) for a discussion led by Herbert Benario on the topic of "The Bimillenary of the Roman Disaster in the Teutoburg Forest." Dr. Benario will discuss the background of the battle and its strategic importance, as well as the recent commemoration and associated exhibits (Flier attached).

Other Programs Potentially of Interest:

- 1) As I noted in an email yesterday, the **Emory Alumni Association** has many interesting programs in the near future, some in the Atlanta area and some farther afield, that may be interesting to some of you. Find out more on their calendar: <http://www.alumniconnections.com/olc/pub/EMR/eventcal/eventcal.cgi>. If you are going out of town any time soon and would be interested in meeting with some alumni or attending an Emory Alumni event, please contact Leslie Wingate (leslie.wingate@emory.edu).
- 2) As I also mentioned yesterday, the **Osher Lifelong Learning Institute** is also seeking volunteer "Great Lecturers" so please let me or King Mengert (gmenger@emory.edu) know ASAP!
- 3) A new resource has recently become available! **Emory's WorkLife Resource Center** (www.worklife.emory.edu) is designed to strengthen the University's work-life culture and building new programs. From information about dependent care, financial savings and the University's health and fitness programs, to work-life benefits that help employees manage their work-life effectiveness, the Center is a gateway for information. They are preparing to launch a caregiver support group, open to the public, that will be geared towards supporting and providing resources for those dealing with an aging or impaired parent/spouse/etc. Stay tuned for an announcement!
- 4) Laurie Patton, Director of the **Center for Faculty Development and Excellence**, is putting together a list of recommended articles by Emory faculty on pedagogical matters, and feature articles written by Emory faculty themselves on pedagogy. If you have recommendations for either of these categories, please send a PDF or a link to me and donna troka (lpatton@emory.edu and dtroka@emory.edu). If you don't have a PDF of the article, a bibliographic citation will do.
- 5) The Graduate School's project on the **Beckett Papers** features EC Members Brenda Bynum and David Hesla (http://www.graduateschool.emory.edu/beckettletters/events.php?entity_id=39), and invite your participation in this project. Volunteers could help in a number of ways, such as proofreading or other tasks. If you are looking for a volunteer activity, please contact Lois Overbeck 404-727-6840 or lois.overbeck@emory.edu. The headquarters of this project are right down the hall from the EC offices, so stop by and say hi if you do!

As always, please let me know if you have any questions or comments (charity.crabtree@emory.edu) or you may call the Emeritus College offices at 404.712.8834. All of our upcoming events are listed on our website, www.emory.edu/emeritus. Please visit us there!

Charity :)
